PRICE TEN CENTS

POLICE KEEP anti-Soviet demonstrators across the street from London's Claridge Hotel as British Prime Minister Harold Wilson (arrow) and Soviet Premier Alexei N. Kosygin, at left of Wilson, stand before entrance. The two had just arrived from London Airport. Kosygin is in Britain for a week of talks with British leaders. (AP Wirephoto by cable from London)

Peace Condition: Stop Bombs First

LONDON (AP) — No shift in the Soviet attitude toward the war in Vietnam emerged today from the opening of talks between Prime Ministers Alexei Kosygin and Harold Wilson.

Informants said Wilson and Kosygin restated their familiar positions on the Southeast Asian war at the first private sessions of the Soviet premier's week-long visit to Britain.

They talked for three hours Monday in the Cabinet room at No. 10 Downing St. That was an hour more than scheduled, but there was no hint that this indicated any progress toward agreements. A spokesman said it meant they were "usefully occupied in their time."

Bomb Stop First

A news blackout was imposed on the discussions, and some diplomatic commentators took this as a good sign. However, Soviet sources said Kosygin arrived from Moscow ready to press the Communist position that the United States must stop bombing North Vietnam before any peace talks can start.

Wilson, who reportedly had consulted with President Johnson shortly before Kosygin's arrival, favors a new and prolonged pause in the bombing as a method of clearing the air for some new peace initiative. There was no hint here of the U.S. attitude. Officials refused to disclose the nature of the exchanges between Washington and London.

Kosygin and Wilson scheduled 18 hours together, which would provide ample time to work on any new initiative on Vietnam. There was little optimism that they would agree on one.

Pleasant Of Boes

The generally unsmiling Soviet premier heard plenty of boos among the polite cheers and applause on his first day in the British capital. Groups of Ukrainians and Balkan exiles paraded with hostile banners across from his hotel.

Late Monday night, after an informal dinner with Wilson, Kosygin left Downing Street to an outburst of shouting and booing from groups of demonstrators.

Ringed by 20 burly London Robbies, the demonstrators shouted "Hungary!" Kosygin glanced at them, paused before climbing into his car, and waved.

Scotland Yard, which has assigned 150 security men to guard Kosygin, said: "So far demonstrators have been cooperative. We hope they'll stay that way."

Trade Effort

In their negotiations with the Russians, the British are placing their highest hopes on an expansion of trade and technological exchanges. Progress in this field was the most concrete result of President Charles de Gaulle's visit to the Soviet Union last year.

GOP Press For Fiscal Reform March Deadline

LANSING (AP) — House Republicans have given the Legislature's two taxation committees a March 23 deadline to hammer out their fiscal reform packages.

The deadline was set in a legislative schedule approved Monday by the House GOP.

The deadline for appropriations bills follows that for tax measures. This was in line with Gov. George Romney's warning that he won't sign spending bills until he sees where the money will come from.

The Republicans were opposed by Democrats who said the taxation committees wouldn't have enough time, that it is wrong to levy taxes before deciding what to do with the money and that part of the schedule was designed to further Romney's alleged presidential ambitions.

Republicans said there would be time to put the tax packages together.

Under the schedule adopted on a string of near-party line votes, each house would have to pass any tax bills of its own by April 7 and any sent to it by the other house no later than May 5.

Each chamber, however, would have an extra week to act on its own spending measures and an extra two weeks to act on appropriations bills from the other house.

"We want to know where the money is coming from before we decide where it's going to be spent," said Republican floor leader William P. Hampton of Bloomfield Hills.

Kennedy Says French Could Make Contacts

WASHINGTON (AP) — Sen. Robert F. Kennedy says he did not bring any Vietnam war peace feelers from Europe, but he told President Johnson the French could provide meaningful contacts with Hanoi.

Kennedy said after a White House conference with Johnson Monday. "I never received the impression that I was any recipient of any peace feelers."

This momentarily quieted, but did not entirely erase, a flurry of speculation which grew out of reports in Newsweek magazine that the New York Democrat was bringing back at least some second-hand information that might be helpful in arranging peace talks.

Kennedy told Undersecretary of State Nicholas Katzenbach earlier Monday that French President Charles de Gaulle had reiterated to Kennedy his position that there was little chance for peace unless the United States was willing to announce a schedule for withdrawal of its troops from Vietnam.

De Gaulle Not Ready

The New York senator interpreted this as indicating that De Gaulle was not prepared to take any practical steps at this time to get negotiations going.

But Kennedy was said to have found the lower echelons of the French government, where contact is maintained directly with Hanoi envoys, much more flexible in their approach to the problem.

Although he would not discuss his talk with Johnson, Kennedy said in an interview that his remarks in Europe that the next two or three weeks may be crucial in the search for peace were based on three points:

Reds Not Admired

— The truce beginning with the Vietnamese lunar New Year Wednesday and lasting until Sunday morning could produce "intensified efforts for peace" in several quarters.

— There is belief in European capitals that Hanoi's ties with Communist China have been loosened by the turmoil in China.

— There is a "general feeling in Europe that North Vietnam is not as adamant in its demands" as it has been previously.

Lindsay Favors Sidewalk Cafes

NEW YORK (AP) — If Mayor John V. Lindsay has his way, there will be many more sidewalk cafes throughout the city.

Licenses Commissioner Joel J. Tyler says Lindsay already has appointed a committee to increase outdoor dining facilities which now number about 50 sidewalk cafes, primarily in Greenwich Village and midtown Manhattan.

Today's Chuckle

Loving your enemies is a lot easier than making them love you.

UAW Plans Millions For Organizing Push

Medicaid Ruling Probable Cost Is \$73 Million

LANSING (AP) — Facing the prospect of \$73 million in added costs for Medicaid, state officials studied today how to react to any attorney general's opinion overruling Medicaid cuts made by Gov. George Romney.

Atty. Gen. Frank Kelley promised to help clarify exactly where the state's program of health services to the poor now stands as a result of his ruling Monday.

Bernard Houston, state social services director, complained that Kelley's opinion raised more questions than it answered about what the state should do next in Medicaid.

At the time of his ruling, Kelley suggested, "I think the legislature is the place to look for a solution."

Kelley ruled that Romney overstepped his authority last December when he ordered a cutback in Medicaid, and that even delays specified by the Legislature for starting parts of the program had no legal effect.

Sen. Roger Craig, D-Deerborn, who asked Kelley's opinion, said the ruling "protects those least able to protect themselves."

Volts Time Table

"The medically indigent are probably the least powerful political forces in our society," he said. "It is no accident that Gov. Romney, with his presidential aspirations, selected this group on which to begin his austerity program."

The Legislature had specified that the hospital and nursing home care section of Medicaid should go into effect last Oct. 1, doctors' services and medicine last Jan. 1 and dental and other services April 1.

But, said Kelley, that timetable was not made part of the actual law. He indicated the entire program should be in effect now.

DM Zone Defoliation Plan To Free Troops Now On Guard Duty

SAIGON, South Vietnam (AP) — U.S. military planners are hopeful that defoliation of the demilitarized zone dividing the two Vietnams will release about 3,000 American and South Vietnamese troops from guard duty along the strip.

Security Lax

WASHINGTON (AP) — Chairman Richard B. Russell of the Senate Armed Services Committee said today the military is guilty of "great derelictions in security" in guarding U.S. airfields and ammunition dumps in Vietnam.

Russell said the Pentagon's announcement Monday nearly doubling the publicly acknowledged toll of U.S. aircraft in Southeast Asia indicated a security gap.

nameless troops from guard duty along the strip.

Henry Morgenthau Jr.

Roosevelt War Treasury Head, Morgenthau, Dies

POUGHKEEPSIE, N.Y. (AP) — Henry Morgenthau Jr., whose long service as secretary of the treasury under Franklin D. Roosevelt was marked by controversy and accomplishment, died at the age of 75.

Morgenthau, who had the job of raising funds for World War II and whose interests in foreign affairs brought him into several controversies, died Monday night at the Vassar Brothers Hospital after a long illness.

He served as secretary of the treasury from January 1934, until July 1945, when he resigned with some bitterness from the Cabinet of President Harry S. Truman three months after Roosevelt died. He held the nation's top fiscal post longer than any other man except Albert Gallatin, who served for more than 12 years in the early 1800s.

For 30 years, Morgenthau was Roosevelt's confidant. His farm adjoined Roosevelt's at Hyde Park, N.Y., and they became friends as fellow farmers. As a boy, Morgenthau had refused to follow his wealthy father into finance, preferring farming instead. The father made a fortune in New York real estate.

Morgenthau's first wife, the former Elinor Fatman, died in 1940. He married Mrs. Marcello Puthoff Hirsch of New York in 1951. She survives him.

FRENCH NEWSWOMAN Michele Ray talks with an unidentified newsmen at An Khe after she was released by the Viet Cong who held her captive for 21 days. Miss Ray is wearing the conical straw hat and black pajamas the Viet Cong gave her. Miss Ray, who was captured while attempting to drive the length of South Vietnam, flew to Saigon from An Khe for a rest before resuming her trip. (AP Wirephoto by radio from Saigon)

DM Zone Defoliation Plan To Free Troops Now On Guard Duty

SAIGON, South Vietnam (AP) — U.S. military planners are hopeful that defoliation of the demilitarized zone dividing the two Vietnams will release about 3,000 American and South Vietnamese troops from guard duty along the strip.

Security Lax

WASHINGTON (AP) — Chairman Richard B. Russell of the Senate Armed Services Committee said today the military is guilty of "great derelictions in security" in guarding U.S. airfields and ammunition dumps in Vietnam.

Russell said the Pentagon's announcement Monday nearly doubling the publicly acknowledged toll of U.S. aircraft in Southeast Asia indicated a security gap.

Tacticians reason that if the trees can be denuded, observation of the zone can be handled by aerial observers. The troops now blocking Red infiltration routes could be reduced to less than 2,000.

This smaller ground contingent would be in perhaps half a dozen central points available for rapid movement by helicopter should reconnaissance disclose enemy troops headed into South Vietnam.

News In Brief

By The Associated Press

WASHINGTON — A bipartisan group of congressmen introduced identical resolutions to support the President's plan to help India meet a critical food shortage.

ADDIS ABABA, Ethiopia — Sudanese troops massacred 400 people in the last week of January in reprisal raids on six villages, South Sudan's Liberation Front claimed today.

WARSAW, Poland — Polish and East German sources disclosed plans for a meeting of European Communist foreign ministers. Confusion over time and place indicate difficulties in getting it organized.

ATHENS — Greek and Turkish ministers will resume discussions on the Cyprus dispute it was announced today. The talks bogged down in Paris Dec. 19.

BOSTON — Mrs. John F. Kennedy in an unannounced visit, attended the opening of the Boston Opera Co., production of "Don Giovanni" Monday night.

PHILADELPHIA — Earle T. McGillicuddy Mack, 77, son of the late baseball great Connie Mack, died here Monday.

ARLINGTON, Tex. — Being fat in a scarecrow-skinny society is agony say medical experts at an obesity seminar here. It's because too many American daily diets are alarmingly heavy.

EAST WENATCHEE, Wash. — Merritt Duane Francis is finally getting a Distinguished Flying Cross. He helped down a German spotter plane with pistol fire near the end of World War II.

LANSING — Co-chairman of a group to draft Zolton Ferry for State Democratic chairman says he is convinced Ferry will accept a draft at the state convention Feb. 19 in Grand Rapids.

CINCINNATI — Teamster Union head James Hoffa makes another attempt in federal court today to stay out of prison. His attorneys have two hours to present argument on his appeal of the denial of his motion for new trial on a jury-tampering charge.

Social Action Program Reply To AFL-CIO

DETROIT (AP) — The United Auto Workers union was expected today to commit \$3 million to an independent crusade of organizing, social action and helping unions in difficulty with employers.

Sources high within the UAW said this would be its answer to what it terms adherence of its parent AFL-CIO "to the status quo."

The 1.4 million-member UAW came to a near break with the AFL-CIO last week over what it termed complacency of the amalgamation under leadership of the 74-year-old president, George Meany.

Under orders from their 26-member International Executive Board, UAW President Walter P. Reuther and his three top officers resigned all connections last week with the ruling AFL-CIO Executive Council.

THE UAW also amended its agenda for an April 20-22 convention to include discussion of the union's relations with the AFL-CIO and the granting of executive board authority to take "whatever action in this regard will best serve the interests of the UAW."

Fall Break Averted

A complete break from the AFL-CIO was averted when the 60-year-old Reuther kept the presidency of its Industrial Union Department, by far the largest within the organization which Meany and Reuther created in 1955 by merging their respective American Federation of Labor and Congress for Industrial Organizations.

The UAW rank and file was promised a "clarifying" letter of the action.

It now develops there may be a series of three letters, the first of which was expected to be dispatched sometime today.

Other unions with similar views will be welcome to join what one UAW source termed "our positive approach to problems for which solutions must be found."

The same source said Reuther had determined that the UAW "will assume the leadership of a progressive labor movement."

Freer Hands

A major reason for severing ties with the AFL-CIO Executive Council was to permit the UAW leaders to take their demands to the rank and file of labor generally, rather than confine debate to the council and be bound by its majority action.

Meany dominates the council, which last November approved by a vote of 18-4 Meany's conduct of its international affairs.

Reuther had criticized the walkout of the AFL-CIO delegation to the International Labor Organization meeting at Geneva when a representative of communist Poland was chosen ILO president. He said it tended to tear down "the bridges of understanding" President Johnson was attempting to build between East and West.

"Lack Of Union"

The UAW also accused the AFL-CIO of a lack of "social vision." Reuther has been dissatisfied with racial integration progress within some of the old line craft unions which made up the AFL-CIO unions include all workers within an industry—the skilled, semiskilled, and unskilled.

The UAW has demanded and won antidiscrimination clauses in all its major contracts.

The UAW also has criticized what it termed the lack of an "all-out crusade to organize the unorganized" and of what it held to be the AFL-CIO failure to aid unions struggling to win footholds or to gain contracts once recognition was won.

It spoke of "exploited farm and migratory workers and millions of working poor, who are the have-not citizens of America."

Reuther last year left an AFL-CIO meeting and joined picket lines of striking grape workers in California while Meany reportedly went to Miami for a vacation.

No Walkout

Sources high within the UAW say Reuther has no intention of walking completely out of the AFL-CIO, of which he was a, if not the, principal architect. But

U.P. Needs Time Change From ICC

The public hearing on Senate Bill No. 1 by the Senate Committee on Public Affairs at the Dickinson Hotel, Iron Mountain, on Monday drew nearly 100 persons and at least some of them went home feeling that they'd been in the wrong church.

The bill would exempt Michigan from observance of the Uniform Time Act passed by Congress last year and becoming effective on April 1. The federal act will provide a uniform daylight saving time observance in 8 time zones of the nation.

The long discussion of a time standard for Michigan, and especially for the Upper Peninsula, dredged up the familiar emotionalism about cow time, golf time, farmer time, wet grass time, Wisconsin time (for border cities) and daylight saving time.

State Is Split

When all the conversation ended it seemed rather clear—at least to some of the persons attending—that the problem involved is simply this: Michigan now has one time standard: Eastern Standard Time. It is observed by all 83 of Michigan's counties except parts or all of three, all of them in the U. P. and all on the border of Wisconsin. They are: Menominee, Dickinson

The Meaning Of Lent

An unusual Lenten series written by the Rev. David Felling, consultant on religion of the Newspaper Enterprise Association, will be published by the Escanaba Daily Press on the Wednesdays of Lent, starting on Feb. 8.

It is for the people who couldn't care less about Lent. It is for those who think Lent means merely giving up chocolate sundaes for 40 days.

You'll find "The Meaning Of Lent" provocative, personal and contemporary.

JA Companies Pick Officers

The three companies of Escanaba Junior Achievement elected officers for the second half-year at meetings in the JA headquarters Monday night.

One group of officers serves for the first half and a second for the second half-year to widen the learning experience of the young people participating in the program. The officers elected Monday night are: Lito—Julie Bernsten, president; Lillian Grau, secretary; John Veder, treasurer; Kathy King, vice president production; and John Gucky, vice president sales.

Charco—Mike O'Leary, president; Ann Hall, secretary; Sandy Good, treasurer; Joan DeGrand, vice president production; Jim Beckstrom, vice president sales.

Jafonco—Mary Anzalone, president; Rita Gasperich, secretary; Cathy Groos, treasurer; Chris Olson, vice president production; Karen Larsen, vice president sales.

Foreign Policy Series Offers China Tonight

MARQUETTE—One of eight critical foreign policy issues facing the United States this year will be examined in depth during the premiere of "Great Decisions—1967" on Northern Michigan University's educational television network, WNMR-TV, at 8:30 p.m. tonight.

The eight-week program on major foreign policy issues opens with "Community China and the U.S.—On a Collision Course?"

Harrison Salisbury of the New York Times will describe his recent visit to North Vietnam at 8 p.m. Wednesday.

Highlights of Gov. George Romney's Upper Peninsula inauguration will be featured on "Northern Dimensions" at 9 p.m. Wednesday.

Diarell the diplomat puts his foot down with Queen Victoria in "Autumn," at 9 p.m. Friday.

Infant Daughter Of Gary Howards Taken By Death

Jayne Ann Howard, 13 day old daughter of Mr. and Mrs. Gary Howard of 230 E. Ridge St., Marquette, died Sunday evening at St. Francis Hospital after a one day illness. She was born in Escanaba on Jan. 22 of this year.

Surviving besides her parents, are her maternal grandparents, Mr. and Mrs. Albert Valind of Escanaba and her paternal grandparents, Mr. and Mrs. Lewis Howard, also of Escanaba.

Complete funeral services were held at the Alto Funeral Home Chapel at 10 a.m. today with Rev. Jordan Telles officiating. Burial was in Baby Land of Holy Cross Cemetery.

Lions Highlight Conventions

This year may go down as the year of conventions for the Escanaba Lions Club.

Donald Breaud, president of the club, said Monday night that three major Lions conventions are being held this summer within geographic reach of Escanaba.

The District 10 (Upper Peninsula) convention is scheduled June 3-4-5 at Menominee, the Canadian Lions Convention will be held May 28-31 at Sault Ste. Marie, Ont., and the Lions International Convention is coming back to Chicago July 5-8.

It is the first time in 47 years of Lionism in Canada that Canadian Sault has hosted the national meeting. Lions from throughout the Upper Peninsula have been invited to participate, although not as voting delegates.

It was also announced Monday that the Lions Upper Peninsula Bowling Tournament has been scheduled over the weekends of March 18-19, April 1-2 and April 8-9 at Ontonagon.

A. C. (Tony) Baudek, vice president of Calumet & Hecla and general manager of Goodman Division, Escanaba, delighted the club with tales of his experiences in Latin and Central America. He was introduced by John Stoll, program chairman for the night.

Flying is a real experience in Central America, Baudek said. "When the plane lands, everyone applauds."

Baudek discussed "the revolutionary way of life," agriculture, travel and communications. He spent considerable time in the area employed in the timber business.

Operation Action Lesson

Toy Firm Succeeds

When Don Davison, the Michigan Bell Telephone Co. management specialist on leave to Great Lakes Toys of Iron River, was called from the U.P. Generating Co. luncheon at Northern Michigan University last Saturday noon, members of Operation Action-U.P. quipped: "Another order for toys?"

But others said the phone call "Might be the plant burning down!"

And, by golly, it was! The Iron River Fire Department prevented the blaze from destroying the plant by their quick action after the fire was discovered by Bartley King, who founded the toy business and who is now an employee of Great Lakes Toys. It is believed to have started in an electric short circuit that ignited two barrels of paint thinner in the toy factory's paint shop.

Firemen entered the building in masks and confined the damage to the paint shop except for smoke. Toys valued at \$7,000 had been moved from the plant to a warehouse before the weekend.

The fire occurred shortly after Davison reported to the Operation Action-U.P. Council at NMU on the remarkable success of the toy business, which was falling when Operation Action took it over in May, 1963 to demonstrate its thesis that a small business in the Upper Peninsula, if well managed, could prosper despite its distance from markets.

Walker Clater, board chairman of Detroit Edison Co., and co-chairman of Operation Action with Dr. Edgar L. Harden, president of Northern Michigan University, gave his personal attention to the rescue of Great Lakes Sales and sent Don Davison from Bell's staff up to manage the plant. Operation Action bought the firm to have a free hand in its operation.

\$40,000 In Red

It was \$40,000 insolvent when taken over and operating in an old clubhouse with 5 employees. It sold \$40,000 worth of toys in 1963 and had a loss of \$15,000 in the first three months of operation under its new ownership. In 1964 it doubled its sales to \$89,000 but lost \$1,900, in 1965 it had sales of \$180,000 and profit of \$15,000 before taxes. It moved into new quarters in 1965.

In 1966 it had gross sales of \$335,000 and made net profit of just under \$50,000 and it's projecting sales of \$600,000 for this year. It has 35 employees now, a half to two-thirds of them men, and it sells its educational toys in 48 states and abroad. The little crown prince of Japan plays with one of its maple jeeps.

Orders Increase
Under Davison's guidance this firm, which started as a freight salvage business, has proved its ability to develop good products, make them from Upper Peninsula materials and market them successfully. The production value per employee

has almost doubled under the new management, and it has been able to raise the low pay level of \$200 a month plus to \$300 and to start paid holidays and a week's paid vacation and it's "looking at hospitalization insurance for its employees."

Its greatest problem at present is ample supplies of kiln

dried hardwood lumber.

"We're behind on orders and taking no new customers," said Davison. "We're servicing only the accounts we have. We had a call from a firm last week that wants to buy \$10,000 of our toys at one crack. We only made \$40,000 worth in our first year of operation."

DON DAVISON, manager of Great Lakes Toys of Iron River, holds one of the educational toys it manufactures, a hard wood jeep, at a meeting Saturday of Operation Action-U. P. — which owns the firm — at Northern Michigan University. Behind Davison is Frank Hoholik, president of Manistique Pulp & Paper Co. and treasurer of Operation Action. The toy firm makes a line of wood trucks, bulldozers and carriers.

Long Trips Routine For Nancy Weldum

ROCK — Sixteen-year-old Nancy Weldum, daughter of Mr. and Mrs. Albert Weldum of Rock, may be the most traveled 4-H club member in Michigan.

Nancy is scheduled to leave Escanaba by plane Wednesday morning for Grand Rapids on the first leg of a 3,500 mile trip which will take her to Kansas City for the Junior Poultry Fact Finding Conference, Feb. 8-12.

She and Raylene Lober, 18, of Allegan County each won trips to the conference through participation in the Michigan Poultry 4-H Youth program.

Coming on the heels of a 3,000 mile journey to St. Louis, Mo., in December for the National Junior Horticulture Convention, the trip to Kansas City will give Nancy over 6,000 miles of travel in two months. She has also made frequent trips to Lansing for Michigan 4-H club activities and won a trip to Traverse City in 1965 with a photography demonstration.

She makes a good roving ambassador for 4-H clubs in Delta County and the Upper Peninsula, said Art Vassold, county 4-H extension agent. She will return home Sunday night.

Nancy Weldum

Scarlet Fever Danger Noted

Outbreaks of scarlet fever and strep throat can be very serious and a doctor should be immediately called in to treat your child should he appear to be coming down with either illness, reports Dr. Mary Crestens, director, Delta-Menominee District Health Department.

"Warning signs of strep infection are sore throat and a fever. If your child has these you should call your doctor at once. Scarlet fever symptoms are the same in the beginning, but a rash may appear two or three days after the first indications. The scarlet fever rash is first seen on the neck and chest, but later it may spread to every part of the body usually with the exception of the face," she said.

Both scarlet fever and strep throat are caused by a bacteria known as streptococci and are highly communicable. A strep infection is always serious because the germs may cause damage to the heart, kidneys and ears. Rheumatic fever can also follow the infection. These and other severe complications can also follow scarlet fever. Strep infections are usually spread directly by the infected person through droplets from sneezing, coughing or close personal contact.

The disease may also be spread with articles he has used—such as handkerchiefs, towels, drinking cups and dishes. With a diagnosis of scarlet fever your doctor will recommend prompt action.

"He will advise you to put your child to bed at once in a room by himself, and keep other members of the family away. Above all, you should keep the child in bed until your doctor gives permission for him to get up—this is the best way to protect his heart and kidneys," Dr. Crestens reported.

"In order to protect others in your family you must take strict precautions to make sure that he does not come into contact with the patient or with articles that he has used. This includes objects that he may have handled when he was coming down with the disease. Remember, only the doctor and the person caring for the child should enter the sickroom—scarlet fever is highly communicable and can spread quickly through your entire family," she added.

Prompt medical treatment can quickly render the disease non-infectious and reduce the possibility of serious complications.

Garbage Dump Warning Issued By Police Chief

Escanaba Police Chief Harold Finman today warned residents against leaving garbage outside the gate of the city dump on Sundays.

The dump is open from 7:30 a.m. to 5 p.m. every day except Sunday, Finman said.

The chief said that complaints have been received of people leaving garbage outside the locked gate on Sundays and that prosecution will be initiated after the next incident.

Hospital

Eric Plowman, 11, is in St. Francis Hospital for an appendectomy. His room number is 416.

Escanaba Using Big 'Saltshaker' On City Streets

The problem of ice control on Escanaba's approximately 30 miles of streets has been a big one this year—and required the use of approximately 180 tons of salt.

"This is twice as much as was used all of last season," reports George Harvey, city manager.

Public works crews have been perhaps twice as busy this winter with snow removal and ice control as they were a year ago, being called out many more times (including weekends) to keep the streets cleared for traffic.

Recently it has been possible for Kan Tushak, public works superintendent, and his men to do some widening—pushing the snow back so that when more of it comes there will be a place to put it.

Plan Resurfacing
The crews have widened the streets around all the schools and churches. On 1st Ave. S. and 1st Ave. N. the snow has been removed past the curb. They have been salted and sanding the streets continuously since the freezing rain storm, trying to remove all the ice possible," the city manager reported to the City Council.

Branches of trees broken off in the storm are also being removed. On Washington Ave. the thawing and freezing has caused the pavement to break up. Patching is being done.

"Next summer we are planning to resurface all of Washington Ave.," Harvey said.

The city manager advised the Council of a commendatory letter from Luther M. Barrett, superintendent of the Escanaba Area Public Schools, expressing appreciation to the city for its services in helping keep drives and streets open in the vicinity of the schools.

Building Project
In other public works projects the city crews are progressing in the construction of a building to house public rest rooms and the harbormaster.

The structure is up and the plumbing and electrical work are to start soon.

"This building should be completed by spring except for the landscaping and erection of the porch," Harvey reports. The building is located at the yacht basin near the Escanaba Yacht Clubhouse.

Escanaba is also working on another problem—this one having to do with heating rather than winter's cold and snow.

More Furnaces
As the City of Escanaba phases out its central steam heating system following the sale of the municipal gas utility to the Michigan Consolidated Gas Co., the city's commercial gas customers in the downtown area are now preparing to install furnaces again.

For a number of years they were heated by city steam, piped into the buildings from mains running in the alley between Ludington St. and 1st Ave. N. The heating area extends from the State Office Building west to the Junior High School.

"The city steam plant was a great asset to the Fire Department because it reduced the sources of fire in our commercial area," the city manager noted.

Reduce Hazards
"Now that the steam plant is to be discontinued the hazard of fire will increase with every individual heating plant installed."

"To reduce this hazard to whatever minimum we can, the Uniform Building Code is being enforced. The requirements specifically are those governing furnace rooms according to occupancy classifications," the city manager reported.

"We have had very good cooperation from the heating and building contractors. The majority of the property owners also have been very cooperative."

More people get more news from newspapers than from all other sources combined.

American Oil Ups Gas Price

CHICAGO (AP)—A hike in gasoline prices to dealers and wholesalers was announced Monday by the American Oil Co., which said it also is suggesting a one cent per gallon increase in pump prices.

The company said the increase is due to growing labor costs and the necessity to bring gasoline prices in "line with the economy as a whole."

American said dealers will be charged an additional .8 cents a gallon and wholesalers will be charged an additional .25 cents a gallon beginning today in a 21-state area including Illinois, Indiana and Wisconsin.

In Michigan the increase will vary across the state but will be raised by the .6 per cent figure in the Detroit area, American said.

College Plans 'Norse Frolic'

The schedule of activities for Bay de Noc Community College's winter carnival, "Norse Frolic," was announced today by the Student Government.

The "frolic" is planned from Monday, Feb. 13, through Saturday, Feb. 18. Activities include a Queens contest, a dance and a snow-sculpture competition.

Judging in the Queen's Contest will be held at 8 p.m. Wednesday, Feb. 15, at the student center with snow sculpture judging set to begin at 6 p.m. Friday, Feb. 17. The week will close with a semi-formal dance Saturday, Feb. 18, at the student center.

The complete schedule, including related activities.

Monday — Skiing and tobogganing at Danforth Ski Hill from 8 to 11 p.m.; Tuesday — Skating at Royce Park from 9:30 p.m.; Wednesday—Queen's competition beginning at 8 p.m. at the student center; Thursday — "St. Joan," a play by the Michigan State University players at 8 p.m. at the Escanaba Area High School auditorium; Friday — Basketball from 1 to 4 p.m. at Bonifas gymnasium, judging of snow sculpture beginning at 6 p.m. followed by "fun and games" at Ludington Park; Saturday — Dance at student center from 9 p.m. to midnight.

NOTICE TO ESCANABA TAXPAYERS

February 15, 1967 is the last day for paying your 1966 County and School taxes without the 4 percent penalty.

Economic Go-Go

One of the most telling ways to judge a nation's economy is by the amount of power it uses. This is true, too, of course, of the areas that make up a nation.

If we check on the power needs of the nations of the world we find them directly related to the state of their affluence. The peoples who walk to work and do their work by hand, who heat their houses (they're apt to be huts) with wood or buffalo chips, don't need much power. They supply it themselves. But they need a lot of other things because the advanced nations have moved far ahead of them, using power as a great extension of human muscle to do their work and provide them with a lot more of the good things of life.

Ebasco (Electric Bond & Share) Services, updating in 1963 their report on the economy of the Upper Peninsula made in 1952, stated of the area's energy resources:

"In the mobilization of an area's resources for economic progress, energy is one of the most essential elements. Energy in one form or another is the physical motivating force which transforms low-value raw materials into high-value finished products. The energy resources of the Upper Peninsula are especially strong in the electric field, moderately good in coal and oil, and weak in the gas field." (Since then Michigan Consolidated Gas Co. has brought natural gas to the lower Upper Peninsula and Northern Natural Gas Co. to the upper Upper Peninsula.)

"It has been quite evident that the electric utility industry has accepted not only its present responsibilities, but also the foreseeable future demands for electric power in the Upper Peninsula. New iron ore beneficiation plants, new copper operations, new or expanded wood product plants, all have been possible through the availability of adequate dependable power."

Significantly, before Gov. George Romney went to the ceremonies of his Upper Peninsula inaugural at Marquette last Saturday, he went to the huge Presque Isle electric generating plant of U. P. Generating Co. to dedicate its fourth power unit, a coal-fired steam turbine electric generator of 58,400 kilowatt capacity. It expands the plant's capacity to 170,800 kilowatts, eight times its original capacity 11 years ago.

Ebasco suggests that in electric power the egg came before the chicken that the utilities were foresighted enough to have power ready when the need for it developed, but the process is a two-way street. The power generation capacity is a reflection of industry's needs even more than it is a forecast of it.

Despite the huge size of the Presque Isle plant of U. P. Generating Co., it would have to be expanded again if Cleveland Cliffs and its partners in its big iron ore beneficiation and pelletizing industry were to start another major mine development like the new Empire Mine at Palmer. And that seems assuredly coming.

H. Stuart Harrison, president of the Cleveland Cliffs Iron Co., which is a partner with U. P. Power Co. in the ownership of U. P. Generating Co., told the dedication gathering: "Cliffs has more iron ore reserves untapped than we have in operating mines. It's too early to predict when these reserves will be opened but our people are working hard on research and development and our sales department is working in lining up customers. We are looking ahead with great confidence, for I feel that working together we will grow, just as the steel industry in the Midwest will grow."

So the power generation expansion celebrated at Marquette is more than a successful partnership of two private industries; it is a report on great public economic gain by the conversion of a mineral resource into materials for steel-making. Both the product and the process raise our standard of living. And there's also the bonus of the promise of even more to come.

Ebasco said that even more important than the capacity volume of a big electrical power system is the fact that the area is served by an interconnected system. The power from Presque Isle can flow west to Ontonagon and White Pine, south to Escanaba and east to Munising and Blaney Park. John Warden and Russell Hoyer and their colleagues of Upper Peninsula Power Co. and Stuart Harrison and his colleagues of Cleveland Cliffs Iron Co. have given us an inspiring example of the capacity of private enterprise to serve the economic needs of the public.

Hail: Boy Scouts

"Scouting Rounds a Guy Out" will temporarily replace "Be Prepared" as the motto of the Boy Scouts of America in Boy Scout Week this week.

The week marks the 57th anniversary of the incorporation of the BSA in Washington, D.C., on Feb. 8, 1910.

Millions of American boys—boys who are now the men who govern our country, run our industries, staff our laboratories—have been rounded out by scouting in the past half century. Millions more will be in the future as the movement keeps pace with history.

More than the Scouts' uniforms have changed in six decades. One measure of that change is the constantly updated merit badge program, which now covers 109 careers and hobbies, including such modern subjects as electronics, atomic energy and communications media.

Scouting has also expanded far beyond the hikes and knot-tying it has traditionally been associated with. As part of the organization's answer to the charge that young people are growing up with little knowledge of the free enterprise system, Scouts today make field trips to plants and offices to see firsthand what a particular business or industry does.

Across the country, thousands of Scout posts specialize in such fields as merchandising, banking and finance, marketing, science, conservation, hotel and restaurant management and many others. Adults who are experts in their fields are featured as speakers at meetings.

More than 1,200 companies have participated in Project Free Enterprise, in which business leaders, who may be "over the hill" as far as hiking and camping are concerned, meet boys in their places of business and explain how their companies operate.

Some aspects of scouting remain the same, however. This August the BSA will play host to the XII World Jamboree in Idaho. It will be the first international camp-out ever held in this country.

"All You Need Is a Little Imagination!"

Forest Industry Reforms Proposed

By JEAN WORTH

Operation Action—U. P. took the brightest look at the economy of the Upper Peninsula since founding of the development agency several years ago and proposed some actions by state and federal governments to promote U. P. industry at its weekend meeting at Northern Michigan University, Marquette.

Co-Chairman Dr. Edgar L. Harden, president of the university, presided with Co-Chairman Walker L. Cislis, chairman of the board of Detroit Edison Co.

"Operation Action has been working to bring a motivating force to bear on the resources of the area and here we have a dramatization of the feeling that we have about the Upper Peninsula," said Cislis.

"The future of the Upper Peninsula is secure as long as the forces that are represented here tonight are active in it."

"Our purpose should be to share equally the progress of the Lower Peninsula with the Upper Peninsula."

Wood Industry

Dr. Harden said that 11 years ago Northern Michigan University (then college) had 800 students and a budget of \$600,000 now its "fringes" are that large and its student body is 7,000 and going for 8,000 next year. The Michigan Legislature was seriously considering closing the school in 1953. "As an educator," said Dr. Harden, "I have seen what can happen when you get responsible people to help."

Dr. James Boyd, president of Copper Range Co., reported on Operation Action's Forest Production Committee efforts to promote wood industries and offered three resolutions which were enacted:

1. Petition the Michigan Conservation Department and U. S. Forest Service "to continue the policy and practice of consolidating ownerships through timberland exchanges beneficial to the Upper Peninsula economy; and to review, simplify, expand and expedite this policy."

2. Petition the same agencies to review present timber harvest policies and encourage large scale, economical harvests; negotiating long term timber contracts, if necessary, aid the stability and long term economy of the U. P. Also to coordinate timber sales with other agencies and owners.

3. Grant \$3,000 to Michigan Technological University in an expression of appreciation to Tech President Raymond L. Smith and the Board of Control for the services of Leland W. Hooker of the Tech faculty to Operation Action in making a survey of surplus wood in the U. P. and aiding an Operation Action tour of Pacific Northwest wood industries in the search for ways to improve U. P. wood industries.

Hooker reported his surprise at finding British Columbia, a land of "giant timber," milling sawlogs as small as 7 inches in diameter. The government owns 97 per cent of forest land and has integrated wood industries and operates them as a "closed corporation," with only recognized operators permitted to harvest timber.

Forest Payments

The result is a high grade work force and high wages. "While the result was admir-

able," said Hooker, "I certainly wouldn't want to see it brought about in the U. P. through increased government ownership and control. The interests of the Upper Peninsula can best be served by finding a free-enterprise counterpart of the British Columbia system of sustained yield units and integrated working circles."

William A. Todd of the Longyear Realty Co., reported that the policy of the U. S. Forest Service of returning 25 per cent of forest receipts to local governments is inadequate where forests are young and yields are small. He recommended a pooling of federal forest income so that mature forest areas would bolster the income of immature forest areas.

Todd also said that Michigan's Commercial Forest Act is well conceived, but that as more and more land comes under its tax easement, the forest lands remaining on the ad valorem tax roll have to make up the loss of revenue.

CFA Changes Urged

He proposed changes in the Commercial Forest Act to make the annual specific tax from 12 to 20 cents an acre on a scale related to the millage levied, ranging from 20 to 35 mills or more. He would have the Conservation Department pay 50 cents an acre for each acre of land listed as Commercial Forest Reserve and replace the 10 per cent of timber value severance tax with a withdrawal tax of 10 cents an acre for every year in reserve, not to exceed 20 years.

Operation Action's studies of forest industry aim to do some basic things to make the U. P.'s huge and growing wood resource the basis for a great, perpetual industry.

Reduce Wood Exports

1. Block out ownerships so the forest can be managed efficiently.

2. Tax private forest lands equitably so they do not expire.

People, Events Of Yesteryears

From the Files of the Escanaba Daily Press

25 Years Ago

The Michigan Bell Telephone Company announced that it is extending its First Aid training program to its women personnel for the first time. Over 1,000 women employees had already signed up for the course.

Employees of the Escanaba Paper Company adopted a payroll deduction plan for the purchase of Defense Bonds and Stamps, and they set up a goal of \$12,000 for the coming year.

50 Years Ago

The Escanaba Athletic Club was formally organized by Businessmen of the city. The board of education granted the use of the gymnasium for one evening of each week to the club.

When Ralph Thompson of the Escanaba area presented the hides of nine wolves at the office of County Clerk A. J. Pepin for the collection of bounties, he broke the record of many years for the county. The previous record numbered seven.

under government competition. Private U. P. timberlands paid 42 cents an acre ad valorem taxes averagely in 1966, said Todd, Commercial Forest Reserve lands paid 21.6 cents an acre, state lands 20 cents an acre, Ottawa Federal Forest lands 9.5 cents an acre and Hiawatha Forest lands 6.1 cents.

3. Manage and harvest timber more efficiently; promoting research to develop mechanized harvesting systems.

4. Develop multi-species wood fiber markets to make possible integrated, all-species harvesting to help wood producers reduce costs by large volume raw material operations.

5. To reduce wood waste, a technique in which the big, modern Pacific Northwest mills are far advanced.

6. To market "surplus" U. P. wood.

7. To reduce exports of U. P. wood (mostly to Wisconsin) and manufacture more of it in the U. P.

Hart Asks FHA Insure Loans On Vacation Homes

WASHINGTON (AP) — Legislation to have FHA - insured mortgages extended to vacation homes and cottages was proposed again by Sen. Philip A. Hart, D-Mich.

Hart said he believes his bill has every chance of success this year. It failed of passage last year, he said, only because of parliamentary tangle in a House - Senate conference.

The bill would be a great stimulant to construction activity and the resort trade in areas of the country that are more attractive to vacationers than industrialists, Hart said.

Vacation areas he said, do not often meet FHA requirements on schools, shopping centers and community facilities.

"And these vacation homes can be built for sturdiness and long life without meeting specifications for year - round occupancy," he said.

Hart said the bill, if enacted, would provide new economic impetus in rural areas of states such as Michigan, Maine and Virginia.

Pass	Pass
Pass	Pass
Opening lead—8	

Today's hand from "Win at Bridge with Jacoby and Son" shows some experts at their worst. It was a team contest so that the hand was played twice.

The bidding in the box is that at the first table. North had just about the least he could have for his four no-trump bid. In fact he had a trifle too little.

As for South, he might have bid two no-trump with only 18 high card points but he also could have held a far more attractive 19 so South should have passed at four no-trump.

West decided to make the safe opening lead of a club. South gathered in the trick, finessed spades successfully and made all 13 tricks when East unguarded his queen of diamonds.

The only comment we can make on the lead is to quote from West, who said: "If I held this hand next week or next year, I still wouldn't lead a heart."

At the other table, North made the same four no-trump bid but South could find no excuse to go on. He passed. West decided there might be some chance to do something in hearts and opened the three spot. The defense took four heart tricks right off the bat and four no-trump went down.

In the book we point out that North's four no-trump bid was not Blackwood. It would be Blackwood in ordinary circles but in most expert circles this particular four no-trump is merely a strong raise in no-trump. If North had really wanted to ask for aces he would have made some other bid before going to four no-trump.

Q-CHORD

Q—The bidding has been: West North East South

Pass 2♣ Pass 3♥ You, South, hold: AKS VAKQ109855 ♠AQ6

A—Bid three hearts. You plan to go to six or seven eventually but there is no hurry. First establish hearts as a suit that can walk by itself.

TODAY'S QUESTION

Your partner continues to three spades. What do you do now?

Answer Tomorrow

Ski Competition

TRAVERSE CITY (AP) — Traverse City high school will host northern lower Michigan's first high school ski competition on Feb. 18. The meet is expected to attract teams from 19 schools.

Ribicoff Speaks

ANN ARBOR (AP)—Sen. Abraham Ribicoff, D-Conn., is to speak on "Urban Ghettos in America" today at the University of Michigan.

Ann Landers

Save Your Breath To Cool Your Soup

Dear Ann Landers: A close friend of ours came under discussion last night and someone said, "I wonder what Ann Landers would say about this?" So I am writing to find out.

The man we were talking about is a gifted, warm-hearted guy who has a host of friends who adore him. Yet his whole life has been a litany of inadequacy and failure. He has had three catastrophic marriages and is headed for the fourth.

In spite of extraordinary ability, he has blown some choice professional opportunities. Colleagues with infinitely less talent remained safely ensconced in their jobs and this truly able guy winds up unemployed.

Can it be that he is, as some insist, just one of the world's unluckiest so-and-so's? I am beginning to wonder. What do you say? — FORUM OF THE TWELVE CEASARS

Dear Forum: Each of us knows someone who fits the description — a warmhearted, talented person with a messed up life.

Bad luck? I doubt it. Individuals who attract trouble and repeatedly fail, subconsciously set themselves up for trouble and failure. Their self-destructive drives propel them into situations they know will end in disaster.

These severely neurotic people need professional counseling to gain insight into their self-destructive behavior. Those who reject help do so because self-examination is too painful.

Dear Ann Landers: My best friend is making the same mistake I made and I feel guilty because I introduced her to the rat.

Why don't women realize that when a man takes a girl to a motel room, he'll always tell her she's the most wonderful girl in the world and he wants to marry her? What else can he say, for heaven's sake? Even when the girl knows Mr. Rat has had dozens of other affairs she is convinced that he lied to the others but is truthful with her.

When my friend repeated the sweet nothings Mr. Rat whispered in her ear it was like seeing a movie for the second time. I knew what the next line would be.

What can I do to make this

foolish girl understand that she will end up in the junk heap with me and a dozen others? — K. PERIENCE

Dear K: Save your breath to cool your soup, Lovey.

Some people stubbornly refuse to take anybody's word for anything. Have you ever noticed the fingerprints around a sign that says "Wet Paint?"

Dear Ann Landers: When a man invites a woman to go on a motor trip with him because he enjoys her company, is it proper for him to expect her to share in the expenses for the car, meals and entertainment? Of course she would pay for her own room.

I am considering taking a trip with a man who has not mentioned expenses and I think we ought to have everything settled before we start. I might as well tell you that I am opposed to paying for anything other than my room because there's a romance involved and I don't believe in spoiling a man by letting him have everything for nothing. What do you say? — ROCHES-TER, N.Y.

Dear Roch: I don't know what you mean by "everything," but I think you'd better stay home.

Alcohol is no shortcut to social success. If you think you have to drink to be accepted by friends, get the facts. Read "Booze and You — For Teen-Agers Only," by Ann Landers. Send 35c in coin and a long, self-addressed, stamped envelope with your request.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a self-addressed, stamped envelope.

School District Reorganization Is Turned Down

The voters of North Menominee County rejected in Monday's voting reorganization proposals that would have combined the school districts of Carney-Nadeau, Powers-Spalding and Hermansville into one.

The proposal lost by 104 votes.

Of the 1,584 ballots cast in the election, 740 were "yes" and 844 were "no" with the proposal failing to carry by 104.

The vote by districts: Precinct 1, Carney-Nadeau district, which comprises Na-

"yes" vote failed to overcome the opposition in the other two districts. The Powers-Spalding Board of Education had urged a favorable vote on the proposition.

The election was sponsored by the Menominee County Intermediate School District under the authority of Act 289 of the Michigan Legislature. The Act was adopted by the Legislature in 1964 for the purpose of encouraging greater efficiency in schooling.

The state has set a guideline of 2,000 minimum student enrollment in school districts. If the three districts in northern Menominee County had combined, they would still have only 1,143 student enrollment, far short of the state's recommended minimum.

Law Satisfied

Thinking had included the possibility that the Bark River-Harris School District might later become a part of the consolidated north Menominee unit, which would have increased the enrollment by more than 600 students.

Under Public Act 289 there is the probability the question of reorganization may not be considered for several years.

The law states that once a district (or districts) hold a "Method Two" election such as that held on Monday, "the requirements of this Act shall have been met and no further plans shall be re-submitted for five years by either the state committee or the intermediate district."

The rejection by the combined majority of the voters in the three school districts on Monday appears to have settled the question for five years.

However, if the Bark River-Harris District appeared interested, there would be the possibility that a four-district reorganization vote might get the state's blessing in less than five years.

'HOMING' DEVICE?

Bees have a built-in protractor that enables them to fly in a fixed direction relative to the sun's position as seen from the hive.

Canvass Vote

Floyd Parrante, superintendent of the Menominee Intermediate School District, said he will meet with the Board at Powers at 7 tonight to officially canvass the vote. While the question as voted on Monday may not be re-submitted for five years, there is the possibility of new legislation which could bring the question to the voters again, he said.

The staff of the Department of Public Instruction is discussing proposed legislation that will be helpful in bringing Michigan's school districts down from 800 to about 500, with increased schooling efficiency the goal.

deau Township and part of Gourley — 41 "yes" and 519 "no."

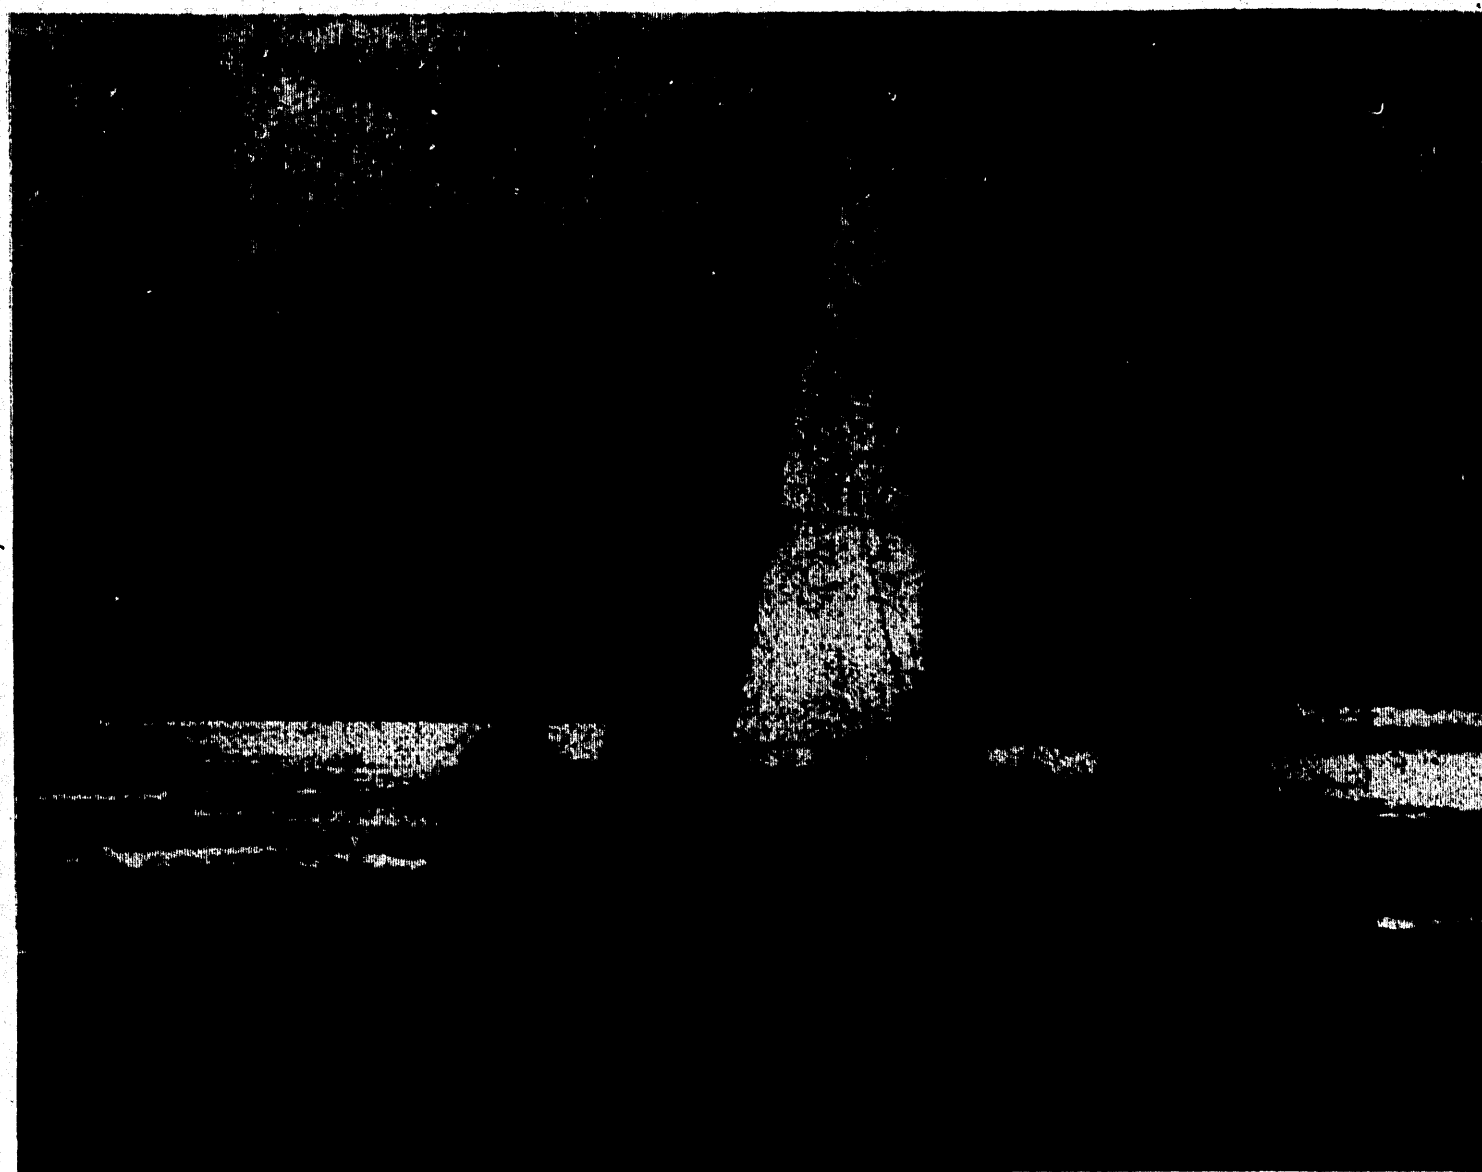

Precinct 2, Hermansville School district, comprised of Meyer Township — 77 "yes" and 268 "no."

Precinct 3, Powers-Spalding School district, comprised of Spalding Township and parts of Harris and Gourley, 622 "yes" and 57 "no."

Enrollment Low

As the returns show, Hermansville and Carney-Nadeau voters were in large majority opposed to the plan to consolidate the three districts into one district with a kindergarten through 12th grade program.

The Powers-Spalding district voters gave the proposal their endorsement, but their heavy

ICE BOATING on Little Bay de Noc, nearly dormant for many years, may be making a comeback. Four boats are moored between the old merchant dock and the Municipal dock and there are other boats staked on the shoreline off Ludington Park and south. Conditions on the bay are now

nearly perfect, report the sportsmen. Ready to make a run are, from left, Steve Maki, Terry Reynolds, Paul Bissell and David Lark, all of Escanaba. The boats pictured are owned by Maki and Bissell. (Daily Press Photo)

Social Action Program Reply To AFL-CIO

(Continued from Page 1)

they said he was determined "to get labor moving again." The next action, following the UAW's "letter of clarification,"

may come from the AFL-CIO Executive Council, which meets in Miami Beach next week.

When John L. Lewis, leader of the United Mine Workers, and others joined in an independent campaign of organizing industrial unions, as opposed to craft unions, in the 1930s, they were expelled from the AFL. It was from this expulsion that the CIO grew.

Briefly Told

The Fraternal Order of Eagles will meet at 8:30 p.m. today at the clubrooms.

The Escanaba Yacht Club will meet in the Chamber of Commerce building at 8 p.m. Wednesday, it is announced by Rene Labre, commodore. A schedule of activities for the

coming season will be discussed.

The Silver Spur Saddle Club will hold its February meeting at 7:30 p.m. Wednesday at the Kipling Town Hall. A film, "Youth and the Quarter Horse," will be shown. Anyone interested is welcome.

Board Meets To Plan Fair

The U.P. State Fair Board of Managers will meet with Michigan Department of Agriculture representatives and 4-H Club agents in Escanaba on Wednesday to plan for the 1967 and future fairs.

"We are planning changes that will definitely improve the fair program and give everybody more for their money," said Cliff Ferras, U.P. State Fair manager.

There will be one new member of the Fair Board seated at the February meeting — Albert Lindberg, resort operator and township supervisor of Hessel in Mackinac County.

Mrs. Ruth G. Butler of Houghton is chairman of the Board, succeeding Robert W. Davis of St. Ignace, who resigned and was elected to the Michigan Legislature. Lindberg replaces Davis.

Other members are August A. Hokens of Ewen, Frank Bender Jr. of Soo Hill, and Henry Bender of Iron Mountain. Bender is the Board vice chairman.

Present for the meeting from the Michigan Department of Agriculture will be Dr. Ralph Morrow, Lansing, deputy director, and William Ward, personnel director.

The meeting will be in the

HOW TO BLOCK SWEATERS AND KNITS

By Milton McGovern

Nearly every woman alive has had the experience of washing a sweater or knit garment, then fighting with it to get it back in its original shape.

Here are a few suggestions on the best way to get the results you want.

1. MEASURE THE GARMENT THOROUGHLY. By that we mean both the length and the width. The same with the sleeves. And make a special measurement of the shoulders. A good idea suggests itself from the experience of the cleaning industry. Take the garment before it's washed or cleaned, lay it on a clean piece of cardboard which will not fade, outline the garment, cut out the marked. That is the shape to which the garment should be restored. Use lukewarm water

and the mildest of soaps or detergents. Squeeze gently. After rinsing, roll the garment in a towel to remove excess moisture, then merely lay the damp garment on your "template" and gently stretch to the required shape. Or, if you've done a good job of cutting, you may be able to slip the garment over the board. Dry in the shade.

2. SIZE THE GARMENT. This is one of the most effective of all ways to help a sweater or knit garment keep its shape. Not all garments can safely be sized, nor does the sizing last forever. But if properly done, not only will you have a garment of the identical size and shape after washing, but it will resist soiling and wear longer.

However, let us emphasize again, don't experiment. Why not instead, let the experts do the job—and do it right.

MANISTIQUE

GOV. GEORGE ROMNEY, left, is presented with a framed resolution passed by the House and Senate of the Michigan Legislature welcoming him to the Upper Peninsula of Michigan for his inaugural at Marquette on Saturday. U.P. legislators including Rep. Charles Varnum (R-Manistique), center, and Rep. Dominic Jacobetti (D-Negaunee) were among the sponsors. (Daily Press Photo)

Bridge Toll Cut Heads Varnum's Priorities List

LANSING — Rep. Charles H. Varnum (R-Manistique) believes there is a 50-50 chance of the Mackinac Bridge tolls being reduced from \$7.50 to \$1 for a round trip for passenger cars, and corresponding lower rates on other vehicles.

Among his other top priorities this term of the Legislature are:

A new library for Lake Superior State College at Sault Ste. Marie.

A new exhibition building at the U. P. State Fair in Escanaba.

Expansion of the Newberry State Hospital at Newberry.

National Guard armories at Gladstone and Manistique.

Statewide Benefit

The companion bills for a reduction in the Mackinac Bridge tolls were introduced by Rep. Varnum, State Sen. Charles Schweigert of Petoskey and State Rep. Robert W. Davis of St. Ignace when the Legislature reconvened Jan. 25.

Schweigert's bill would authorize the refinancing of outstanding revenue bonds and replace them with general obligation bonds. Davis' measure would call for a gasoline tax increase to pay off the new bonds. It would boost the state gasoline tax by a quarter of a cent a gallon earmarked for the bond payoff.

Rep. Varnum, one of the co-sponsors of the bill with Davis, feels the biggest opposition to the bill will come from Wayne County. He said the people in the Detroit area will object to the additional gasoline tax because they will be paying for the bridge when they seldom use it.

However, people in the Upper Peninsula pay taxes for super highways throughout the state, especially those in the

Detroit area, which they seldom use too, Varnum said.

Help Tourism

He said reduction in the bridge tolls would encourage industry to settle in the Upper Peninsula instead of in the Alpena and Gaylord areas. He said some trucks pay as much as \$29 one way to cross the bridge.

A reduction in the tolls "lifts an economic barrier and gives us equal opportunity to approach industry realistically," he said. "It will help tourism, too," he added.

Rep. Varnum was recently appointed to the Ways and Means Committee which has changed its name to the House Appropriations Committee. It handles all of the money bills in the House and studies budgets.

For Tax Reform

Rep. Varnum also said he favors a state tax reform program. He said fiscal reform is a small part of the reform package but it is the most controversial part.

If a state tax reform program is not passed, there will be a possible 10 per cent cut in state spending, he said.

The total projected general fund expenditures for '67-'68, with no new programs, is \$1.131 million and total available funds are only \$945 million. Therefore the projected general fund deficit by July, 1968 is \$186 million.

Rep. Varnum declared that citizens would be ahead in the long run, with more money in their pockets, with the total fiscal reform tax package than without it.

Hospital

Admitted to Schoolcraft Memorial Hospital were Jacquelin Stamper, Lois Hoholik, William Blair, Mike Fountain, Kevin Rose, Mary Nafziger and Charles Hynes.

Admitted to Schoolcraft Memorial Hospital were Lillian Zawada, Flores Lisandro, Walter Hampton, Julian Bryers, Eleanor Jackson and Mae Wilson.

Discharged were Wilfred LaLonde, George Patrick, Charles Hynes, Brenda Lee Browning and baby, Flores Lisandro, Dean Desjardens and Esther Platt.

Discharged were Kay Burrows, Edward Tobin, Olive Kingren and Wilma Smith.

First Methodist Plans Lenten Film Series

Beginning on Ash Wednesday, Feb. 8, at 7:30 p.m. and continuing every Wednesday evening throughout the Lenten Season, the First Methodist Church of Manistique will present a series of motion picture films, "Sermons From Science" produced by the Moody Institute of Science.

Two films of about 28 minutes in length will be shown each Wednesday. These are the same films that were shown at both the New York and San Francisco World's Fair.

The film program will be preceded by a pot-luck supper in the church fellowship hall for those who would like to take part. If anyone is unable to come for this part of the program they are invited to come to see the films. The pot-luck will take place at 6:30 p.m.

Driver Fined \$75 After Leading Police On Chase

Fine of \$75 and costs of \$3.70 and a 10-day jail sentence were levied in Justice Court to James W. Osterhout, 23, of 212 N. Cedar St., on a charge of reckless driving. He was ticketed by Public Safety officers after city and State Police pursued him Sunday evening.

Briefly Told

The Manistique Area Board of Education will meet Feb. 8 at 7:30 p.m. in the Library.

State Police ticketed James M. Edwards, Fort Atkinson, Wis., James H. Clement, Garden City and Charles O. Coffman, Bloomfield Hills, speeding.

Public Safety officers ticketed David E. Wood, 18, for driving too fast for conditions after an accident at 3:25 p.m. Sunday at the Cherry and Steuben intersection. Wood was watching an approaching snowplow and did not see a car driven by Millard Scott, 51. The Wood car slid into Scott when the driver braked, officers said.

Rev. and Mrs. Roy Pitts have been advised that their daughter, Marilyn, a sophomore at Olivet College, earned a 3-point average with A's in all five courses. She has been named to the dean's list of honor students.

Church Events

Bethel Baptist Church

The Fellowship of Bethel Baptist Church will meet at 7:45 p.m. Feb. 9 in the church. A program on Leprosarium in Ethiopia is planned. Hosts and hostesses will be Mr. and Mrs. Harold Carlson and Mr. and Mrs. Ragner Carlson.

Clay Whips Ernie Terrell

Heavyweight Champ Scores Easy Decision

By MURRAY ROSE

HOUSTON (AP) — Cassius Clay, the undisputed heavyweight champion of the world again after humiliating Ernie Terrell in a one-sided 15-round fight, had an easy road ahead of him today in his brilliant fist career.

Unless the Army gets him first, the all-winning 25-year-old, new Texan, only has mediocre competition ahead of him, the likes of Zora Folley, the scientific if meek No. 2 contender from Chandler, Ariz.; Canadian George Chuvalo in a repeat; young Thad Spencer; and possibly — horrors of horrors — Floyd Patterson once more.

"It will be either Zora Folley or George Chuvalo next," said Clay-Muhammad Ali, unmarked as usual, "but I'm sure it's Folley. I think Folley can put up a better fight than Terrell. He's a better boxer."

"I can beat Clay," said the 34-year-old Folley. "I saw plenty of openings."

How would he do it? "With my two hands," said the soft-spoken Folley, a man of few words.

Late In March ? ? ?

A Clay-Folley match might be made for New York's Madison Square Garden or Detroit's Olympia, in late March.

Meanwhile Clay is appealing his 1-A draft status, claiming he is a minister of the Black Muslim sect.

Clay, now winner in eight title defenses and six in 11 months, had predicted he would hand the 27-year-old 6-foot-6 Terrell "a Floyd Patterson humiliation beating."

He did just that in half-closing Terrell's left eye, cutting him over the right eye, and pounding him almost at will. He did everything but knock down the lumbering giant, who stumbled about half-blinded from the middle rounds on.

Terrell's vaunted left jab, his main attacking weapon, was completely nullified by the dazzling foot work and head movements of the superbly conditioned Clay.

Scoring Top-Sided

The three officials had Clay ahead by top-sided scores. Using the 10-point must system, referee Harry Kessler had it 148-137 (12-2-1 in rounds), judge Jimmie Webb had it 148-133 (12-2 in rounds), and Judge Ernie Taylor 148-137 (12-2 in rounds).

The Associated Press card had it 148-137, and 14-1 in rounds, giving Terrell only the second.

"He was disappointing because he just kept holding and clinching all the time, but he had to have great courage to stay in the ring and take a whipping for 15 rounds," said Clay.

"He fought a dirty fight," Terrell contended. "He rubbed my right eye against the ropes and thumbed my left eye so that from the third round on I couldn't see Clay to hit him."

"I kept seeing two or three people."

Terrell was bruised under the left eye in the fourth round, and he puffed his eye to a slit by the end of the tortuous whipping.

Big Ernie was cut over the right eye in the seventh round and he lurched about the ring from then on, trying to close in on his elusive, taunting foe, who popped him with both hands and moved like a ballet dancer.

"What's My Name?"

In the eighth the 6-foot-6 Clay knew he had his lowering foe figured out and ready for the cleaners.

In the eighth and ninth rounds, he kept taunting Terrell by asking "What's my name?"

Terrell called Clay by his given name and refused to yield to him when Clay the generally regarded champion asked him to call him by his Black Muslim name of Muhammad Ali. "For this Clay called Terrell an 'Uncle Tom,'" a term Negroes use in referring to a member of their race they consider acting servile to whites.

Clay severely battered Patterson, the former two-time champion, in stopping him in 12 rounds at Las Vegas, Nev., Nov. 22, 1965. He later admitted he had carried Patterson so he could humiliate him.

Terrell, holding his hands high, found his defenses crumbled by the pin-point punching of the boxing master, now a resident of Houston. Clay fired away with his two guns — "my right and left" — and must have hit the plodding giant at least 2,000 times in the monotonous 15 rounds.

Record Indoor Crowd

Although Clay was regarded as champion by most everyone, Terrell was recognized as cham-

ption by the World Boxing Association after the WBA stripped Clay of recognition for signing a return-bout contract with Sonny Liston. Terrell, of Atlantic City, N.J., and Chicago, beat Eddie Machen in Chicago, March 5, 1965, to gain the WBA title.

"Now, who's the champ?" yelled the jubilant Clay.

A record indoor crowd of 37,321 paid a gross of \$400,145. The crowd surpassed the one of 35,460 which paid \$461,290 for Clay's third round knockout of Cleveland Williams in the same magnificent Astrodome last Nov. 14.

With the receipts from closed circuit television, and live hook-ups to England and Japan by the communications satellites, radio and delayed television, Clay figures to earn about \$600,000 and Terrell about \$210,000.

Clay weighed 212½ and Terrell, 212½, the heaviest of Ernie's career.

Clay's record is 28-0 including 22 knockouts. Only Chuvalo, beaten in 15 rounds last March 29, and Terrell have been able to go the distance with Clay in the last four years. Clay at one time had predicted a fifth round knockout and was a 4-1 choice to win. Terrell, too, had predicted a knockout triumph.

After losing his first fight in nearly five years and having his winning streak snapped at 15, Terrell's record is 38-5.

Esposito Joins Point Leaders

NEW YORK (AP) — Phil Esposito, Bobby Hull's right-hand man on one of Chicago's two potent forward lines, has joined Hull, Stan Mikita and three other Black Hawks among the National Hockey League's top scorers.

Esposito, who plays center alongside left winger Hull, picked up a goal and four assists last week for a total of 34 points and climbed into a 10th place tie in the individual point race, according to latest NHL figures released today.

Mikita, who centers the Hawks' Scooter Line, continues to set a torrid pace, with 24 goals and 45 assists for 69 points. His wingmen, Kenny Wharram and Doug Mohns, are second and eighth, respectively.

Hull, the goal-producer leader with 32 markers, is fourth behind Norm Ullman of Detroit, and Chicago defenseman Pierre Pilote shares the No. 10 spot with Esposito and Detroit's Alex Delvecchio.

Completing the top 12 are Phil Goyette of New York, Bobby Rousseau of Montreal, Gordie Howe of Detroit and Rod Gilbert of the Rangers.

Goalies Glenn Hall and Denis DeJordy of the first-place Hawks have combined for the league's best goals-against average — a 2.39 per-game mark. Hall's 2.33 average gives the Chicago veteran a slim individual edge over the Rangers' Ed Giacomin, who has given up 2.34 goals per contest.

Eye Injury Is Excuse For Terrell's Defeat

By B. F. KELLUM

HOUSTON (AP) — Cassius Clay says he humiliated Ernie Terrell, who in turn, contends Clay was "a dirty fighter I could have whipped if I could have seen from the third round."

"I just gave him my Floyd Patterson humiliation treatment like I predicted," Clay said. He called Terrell's left jabs just flaps.

Clay won a unanimous 15-round decision over Terrell Monday night to settle the disputed heavyweight championship.

Terrell, who suffered a cut over the right eye and a "blood spot" in the left, said he saw "three of him" after the third round when he asserted he suffered the eye injury as the champion rubbed his face across the rope.

Terrell's manager, George Hamid Jr., said Terrell had an appointment today with an eye specialist to check the blood spot.

Clay said Terrell was a disappointment "because he just kept holding and clinching all the time."

"But he had to have great courage to stay in the ring and take a whipping for 15 rounds."

Despite his battered face and cut eye, Terrell said he was never hurt by the champion. "I feel I could have beat him if he had not used the dirty tactics," Terrell said. "When my

eye was hurt I couldn't fight my kind of fight."

In the eighth round, Clay said he kept asking Terrell: "What's my name? What's my name?" However, Terrell said Clay said other things.

"I can't tell you all the things he said, but he called me 'Uncle Tom' and 'Negro' and said 'You're going to be messed up,'" Terrell said.

Terrell said he did not answer when Clay asked his name.

"But his name is Cassius Clay," Terrell declared.

Clay said he was happy to come through without a scratch "because it is a good test to be able to fight a dull man like Terrell who makes a fighter look bad."

Clay, who indicated he would fight Zora Folley or George Chuvalo next, challenged any man "to put a scratch on me."

Northern No Soft Touch For Bucks

COLUMBUS, Ohio (AP)—Ohio State's Buckeyes found Northern Michigan's NAIA basketball entry more than a breather Monday night but prevailed 80-74 behind the sharpshooting of Ron Sepic and Steve Howell.

The Bucks, in their last break from Big Ten competition, shot 50 per cent from the field and took 49 rebounds to the Wildcats' 31.

OSU led from the time it broke a 12-all tie with 7½ minutes gone.

But Northern's Les Coduti, who topped all scorers with 24 points, hit a long shot with 1:13 left in the game. Howell simultaneously fouled Conrad Yagodzinski who converted two tosses and cut the difference to 76-72.

Braces of free throws by Bill Hosket and Jerry Tischer restored the Bucks to a safe lead before Coduti hit again just before game's end.

Sepic made 8 of 12 field shots and Howell 7 of 10 as a substitute. Sepic and Hosket, with 19 free throws, shared Ohio State point laurels at 18.

Junior High Teams Beaten

Escanaba's junior high basketball teams lost two games at Marquette over the weekend.

The 7th graders bowed, 20-22, and the 8th graders were defeated, 37-26.

Princeton Gains Ground In College Cage Ratings

By The Associated Press

Nothing, it appears, not even stalling tactics can prevent Princeton from reaching a higher position and UCLA from maintaining its undisputed lead in The Associated Press' major college basketball poll.

Southern California stalled for 44 minutes against the Bruins Saturday night and lost 40-35 in overtime. Dartmouth played ball control for almost 34 minutes against the Tigers Friday night and was beaten 30-16.

While unbeaten UCLA was the unanimous choice as the No. 1 team for the fourth straight week, Princeton was one of five teams to gain ground in the latest balloting by a national panel of 35 sports writers and broadcasters.

The Bruins are followed by North Carolina and Louisville, each holding its position. Princeton, 17-1, advanced one place to fourth. Houston is fifth, followed by Western Kentucky, Kansas, Texas Western, Providence and Boston College.

North Carolina accumulated 284 points, only six more than Louisville. Points were awarded on a basis of 10 for a first place vote, 9 for second etc. The Tar Heels beat Maryland 85-77 last week while the Cardinals downed St. Louis and Cincinnati.

Houston climbed one notch to fifth after defeating Nevada Southern, 103-83. Western Kentucky zoomed from eighth to sixth after lifting its record to 16-1 with victories over Austin Peay and Middle Tennessee.

Texas Western slipped from fourth to eighth. The Miners suffered their third loss of the season, 68-55 to New Mexico State.

Providence, a 92-66 victor over Gannon, Pa., moved up one place to ninth. Boston College, 12-1, made its first appearance among the Top Ten. The Eagles replaced Vanderbilt, which beat

Louisiana State and lost to Florida after holding the No. 9 spot last week.

UCLA faces Oregon State Friday and Oregon Saturday. North Carolina has three games this week, against Virginia tonight, Wake Forest Thursday and Georgia Tech Saturday. Louisville's opponents are Drake on Wednesday and Wichita State Saturday. Princeton has a couple of Ivy League games on tap, against Yale Friday and Brown Saturday.

The Top Ten, with first-place votes in parentheses and points on a 10-0-0 basis:

1. UCLA (85) 350
2. North Carolina 284
3. Louisville 278
4. Princeton 214
5. Houston 195
6. Western Kentucky 133
7. Kansas 131
8. Texas Western 123
9. Providence 67
10. Boston College 41

Hoosiers Try Climb To Top

By The Associated Press

Going from bottom to top is a rough climb in the Big Ten basketball race but Indiana is making a strong attempt at the effort.

The Hoosiers, who finished in a last place tie with Purdue last season, handed pre-season favorite Michigan State an 82-77 setback Monday night to climb into a first place tie with idle Northwestern.

It marked the fourth straight Big Ten victory for the Hoosiers following an opening 84-73 loss to Iowa.

The loss dropped Michigan State into a third-place tie with Illinois. Both have 3-2 records. Illinois puts its chances on the line tonight at Iowa, a team currently nursing a 2-2 record and itching to get back into Big Ten contention.

Ohio State, which is hanging on with a 3-3 record in the Big Ten, boosted its over-all mark to 10-8 with an 80-74 victory over Northern Michigan Monday night. Ron Sepic and Bill Hosket paced the Buckeyes with 18 points each.

Aside from the Illinois-Iowa game tonight, Purdue will take on Hawaii in nonconference action. The touring Hawaii team dropped a 90-58 decision at Notre Dame Monday night.

Negaunee JVs Post Victory In Tournament

GLADSTONE — Negaunee won the opening game in the Great Lakes Conference junior varsity basketball tournament Monday night, defeating Ishpeming by a 78-69 score. Ishpeming won the 9th grade preliminary game, 62-49.

The Western division of the annual tourney continues here Wednesday night with Gladstone meeting Marquette in games at 6 and 7:45.

The tourney finals will be staged Saturday night, Feb. 11.

Mrs. Lawrence Gardner. The first half hour will be workshop and all members are asked to bring sandwiches or cookies for lunch.

In This Corner

with Ray Crandall

Paul Miller has eclipsed the all-time Escanaba High School basketball scoring record and is now heading for the school's single season mark . . . The 6 foot 1 inch senior, regarded by many as the finest player ever to don an Eskymo uniform, wired out the career scoring record of Barry Andrews who produced 822 points in a three year career ending in 1960 . . . Miller has tallied 860 to date with four regular season games to go, in addition to post-season tournament competition . . . The single season scoring record at Esby is 393, set by Jack Lindquist in 1959 . . . Miller has 298 at present and should erase the record by the season finale.

L'Anse buried another Copper Country Conference foe and extended its victory string to 21 games by walloping Ontonagon, 86-48 . . . Pacing the state Class C champs to their 12th straight triumph this season was guard Deane Kent with 41 points . . . Gerry Gerard, 6 foot 5 inch center, added 33.

Wakefield also extended its perfect season record over the weekend and captured the Michigan-Wisconsin Conference championship by trouncing Superior Cathedral, 63-40 . . . Al Inhala scored 23 points and Roger Norkoli, classy little guard, tossed in 16 as the Cardinals notched their 12th straight victory of the season, including 10 in the M-W loop.

Ishpeming nailed down its second straight Great Lakes Conference trophy while whipping Sault Ste. Marie, 88-67 . . . The Hematites ran their conference record to 7-0 and their season mark to 12-1 (counting a forfeit by Menominee) with a potent attack that saw 11 players contribute to the scoring total . . . Ed Simace and Alan Morrison paced the winners with 20 points each.

Con Yagodzinski had one of his best nights in his Northern Michigan University cage career as the Wildcats defeated Minnesota-Duluth, 89-62, Saturday night . . . Yago led his mates in scoring with 26 points, his top single game production of the season . . . The former Holy Name athlete boosted his career total to 946 points, third on Northern's all-time scoring list.

The Iron Mountain High School wrestling team, a favorite to win the first Upper Peninsula prep crown this season, whipped Marquette by a 35-11 margin . . . Coach Jerry Krieger's matmen scored three pins and six decisions . . . The U. P. tournament will be held at Northern Feb. 24-25.

Nancy Sidbeck of the Wednesday Holiday League picked up the tough 4-7-10 split recently, Rose Jandro of the Gladstone Wednesday Women's wheel connected on the 4-7-9-10 and Gay Corriveau bowling with the Press team on Thursday night converted the 4-8.

Terry Conrad, Ewen's 6 foot 9 inch center, rammed home 27 points and pulled down almost as many rebounds as the Bulldogs downed Mass. 87-61 . . . Ewen is rapidly closing in on the Porcupine Mountain Conference crown with a 10-0 record . . . The Bulldogs are 11-1 overall.

L'Anse Is Replaced Atop Class C List

By The Associated Press
Leslie edged out L'Anse for first place in Class C in the only change at the top in this week's Michigan Associated Press high school basketball poll.

Sportswriters around the state put Leslie ahead of L'Anse, reversing last week's position.

Muskegon Heights remained atop Class A. South Haven kept its top spot in Class B and Ewen held first place in Class D.

Muskegon Heights and South Haven are undefeated, as are Leslie and L'Anse, but Ewen has lost one game.

Detroit Northwestern and Detroit Pershing held second and third spots in that order in Class A. Birmingham Groves remained in No. 4. The only change in the top five was Saginaw which climbed from sixth last week to fifth this week, pushing Waterford Kettering down a notch.

In Class B, Marysville and Caro remained second and third. Willow Run climbed from fifth to fourth and Detroit Servite went from sixth to fifth. Charlotte, fourth last week, fell to eighth after losing to Alma.

Charlevoix remained third in Class C and Mount Pleasant Sacred Heart continued to hold fourth. Detroit St. Hedwig climbed from sixth to fifth and Muskegon Christian fell to seventh.

Holmes Rolls Honor Count

Robert (Red) Holmes slammed the first national honor count ever rolled on the Holiday Lanes Monday night when he chalked up a 718 series.

The Escanaba pin buster spilled counts of 256, 257, and 260 for his record breaking total. Holmes also authored a big series last season, knocking down 736 pins at the Bowl-a-Rama.

The Monday night blast came in the Industrial League for the Drewry's team.

Flint St. Matthew held second in Class D and Fowler third. But Pontiac St. Michael, fourth last week, fell to seventh and Trenary took fourth. Adrian Catholic Central slipped from fifth to sixth and was replaced by Peck.

Team	Record	Poll

Bullets Beat Favorite Foe

By The Associated Press
Eight teams in the National Basketball Association might be glad to have Baltimore around this year, but the Bullets have a favorite of their own — the St. Louis Hawks.

Without the Hawks, the Bullets would be buried even deeper in the Eastern Division cellar, as they proved Monday night in Memphis, Tenn., by belting St. Louis 107-96 in the only game of the night.

The Bullets have won only 14 games this season, but three of them have come against the Hawks against only two defeats. Only Cincinnati has lost that many to the Bullets, but the Hawks have beaten them five times.

Gus Johnson and Kevin Loughery took up the slack left by the absence of Don Ohl, out for the season with an injured knee, as they helped build a 50-30 first half lead. Johnson scored 13 points and Loughery 14 in the half.

When Len Wilkens, who finished with 25 points, and Bill Bridges led a St. Louis charge that got within 87-86, Johnson hit two free throws, Jack Marin added another and Johnson drove for a basket and a six-point lead. The Hawks never seriously threatened again.

BLOOD COVERS FACE of New York Ranger forward Vic Hadfield as referee Bruce Hood tries to separate him from Toronto forward Eddie Shack after they triggered a melee in their Sunday night game in New York. Hood handed out a total of 36 minutes in penalties after the fight. Rangers won the game, 4-1. (AP Wirephoto)

Stall Almost Stymies Vanderbilt

By The Associated Press
Georgia almost stymied Vanderbilt with the Scintillating Stall — basketball's latest craze — but the Bulldogs' slowdown tactics backfired when their offense virtually stood still.

The Bulldogs fought the stronger Commodores to a standstill at the end of regulation time, but the visitors put a stop to the fooling around in overtime and pulled out a 51-41 victory Monday night.

The stall burst into prominence last weekend when two high-ranking members of the Top Ten ran into the slowdown strategies of their weaker opponents.

The Top Ten teams won, though, Princeton beating Dartmouth 30-16 Friday night and UCLA trimming Southern California 40-35 in overtime Saturday night.

The object of the strategy is that if the stronger team can't get the ball because the weaker team doesn't shoot it, the

stronger team can't score too many points.

In Monday night's example, the Bulldogs had only a 21-19 deficit at halftime. They reversed that score in the second half and wound up with a 40-40 tie at the end of regulation time.

Then Georgia hit the overtime period. Bob Warren hit two quick field goals for Vanderbilt, and the Commodore defense did the job the rest of the way, holding the Bulldogs to a single point.

The victory enabled Vanderbilt to remain in a tie for first place in the Southeastern Conference with Tennessee, which whipped Louisiana State 76-59 behind Ron Widby's 31-point performance.

In another overtime contest, sixth-ranked Western Kentucky trimmed Murray 88-79 for its 17th straight triumph. Don Duncan's three-point play for Murray with 13 seconds to play tied

the game 73-73 and sent it into overtime. But the Hilltoppers then pulled away after Clem Haskins hit two baskets.

Fifth-ranked Houston originally was slated to play Lamar Tech, but the game was cancelled to give Houston a break in its busy schedule.

Providence, the only other member of the Top Ten which played, also was victorious. The ninth-ranked Friars brought their record to 14-3 by defeating St. Bonaventure 80-66 as Mike Riordan scored 25 points and pulled down 14 rebounds.

The nation's No. 1 small college team, Southern Illinois, knocked off Centenary 79-63 while Marshall, the team that dropped Toledo from the unbeaten ranks Saturday night, fell to Morehead 112-98 in double overtime.

Bill Sweeney of the Springfield Indians has won three scoring titles in the American Hockey League.

Wilt Is Still Top Rebounder

NEW YORK (AP)—Wilt Chamberlain, turned playmaker, is a sure bet to lose his scoring title, but no one is taking away his field goal percentage and rebounding leadership, the latest National Basketball Association statistics showed today.

Rick Barry of San Francisco, set to replace Chamberlain as the league's top scorer, has a runaway total of 1,978 points in 55 games for a 36-point-a-game average. Oscar Robertson of Cincinnati firmly holds second with 1,578 points for a 30.3 average.

Jerry West of Los Angeles replaced Philadelphia's Chamberlain in third place with 1,356 points, four more than big Wilt. West is averaging 26.9 points a game to 23.7 for Wilt.

But Chamberlain, passing off much more than in earlier years when he broke most NBA scoring marks, appears certain to repeat as rebound and field goal percentage leader. He is averaging 24.2 rebounds a game, grabbing 1,370, and hitting a fantastic 68.5 per cent of his field goal attempts.

Nate Thurmond of San Francisco is his closest challenger off the boards with 1,252 or 22 per game. Bill Russell of Boston has 1,186 and 21.6.

No one is near Chamberlain in shooting percentage. And Wilt also ranks third in assists with 7.3 a game. Guy Rodgers of Chicago leads with 11.6 with Robertson second with 10.4.

McPeak Hired On Lion Staff

DETROIT (AP)—The Detroit Lions of the National Football League announced Monday the signing of Bill McPeak as offensive backfield coach.

Head Coach Joe Schmidt said McPeak, former head coach with the Washington Redskins, will report March 1 for fulltime duty.

McPeak was a collegiate star at Pittsburgh and played with the Pittsburgh Steelers of the NFL from 1960 through 1967. He played in the Pro Bowl three times as a defensive end.

He worked as an assistant coach at Pittsburgh, then went to Washington as an assistant and was head coach from 1961 through 1966. Last season, McPeak was a television commentator for the St. Louis Cardinals of the NFL.

Earlier, Schmidt, who was hired last month, announced the signing of John North to work with the receivers, a post he held with the Lions last year.

OUR BOARDING HOUSE with Major Hoople

For Young Man, Hal Gives Advice

By HAL BOYLE
NEW YORK (AP) — Now hear this, young man.

One of the chores of a columnist is to tell youth how to live. No one knows just why columnists are entitled to this privilege, but if they don't exercise it at least once a year they are likely to have their licenses revoked.

So, young fellow, here is my free advice for 1967 on how to wrest the best from life and avoid the pitfalls of a trap-filled world:

If you are idealistic and yearn to improve the human race, try to get the job done by the time you are 25. If you haven't, then concentrate on improving yourself.

Sleep on a firm bed. Half the people who wake up tired do so because their bed is too soft.

The other chief source of fatigue is boredom. To avoid boredom make change a routine thing in your life. Never spend two days in a row exactly alike, even if you only eat in a different restaurant or go home by a different route.

Always dry between your toes thoroughly after shower. You can't go far on sore feet.

Navy Boss's Daughter
If you are unable for one reason or another to marry your employer's daughter, marry a girl with a merry mind and a responsible heart. These qualities endure long after beauty does.

Never drink anything except

milk or water at lunch until your 60th birthday. Avoid drinking hard liquor before dusk or after midnight.

If you play golf, play it on weekends. The young fellows who sneak out to the country club during the week usually wind up burns.

Ask for a pay rise every 18 months—whether you need it or not. There is no surer way to find out how you stand with the firm. If you get turned down twice, better look for another job.

Don't quit a good job, however, just because you are piqued with your boss. The chances are fairly good that in time he will retire, get fired himself or be sidelined by an ulcer.

On Handling Money

Take as little medicine as possible. Too much medicine probably keeps as many people sick as it makes well.

If you learn early that you are inept at handling money, let your wife handle the family income. Then, if you both wind up in the poorhouse, you'll at least have someone besides yourself to blame.

Have at least two children, or adopt a couple. And keep a pet cat, dog, or goldfish in the home. Children and pets do more than anything to keep a household sane—and in an uproar.

If you must gamble, bet on the one thing you can't afford to lose—yourself. It is foolish to bet on a race horse that could have no possible interest in your welfare.

Save 10 per cent of what you earn until get your house paid for, and after that save 15 per cent.

Take your wife out at least one evening a week, even if you only stroll around the block together.

Fried Food Cure
Read a book—new or old, good or bad—at least once a month.

Eat sparingly. Every time you eat fried foods follow them with an ounce of castor oil. In time this will cure you of eating fried foods at all.

Whenever you feel tense or depressed, go for a three-mile walk, sit down and write a poem, or take a vacation.

Don't expect too much of other people, and don't depend on good luck. As Jim Farley observed, "Things don't just happen, they are made to happen."

See as many sunrises as you can.

Any young fellow of 21 who follows these tips and isn't happy and hale at 65 can bring his complaints to me. By then I'll be 100 years old and probably have even better advice.

Gravestone Services

Mrs. Richard (Lily) Nelson, of Elgin, Ill., former Rock resident, had graveside services at the Gardens of Rest Cemetery Saturday, Feb. 11, starting at 8 p.m. at the Rock Lions clubhouse. Lunch will be served. This is the second in a series of fund raising projects to raise money for band blazers and berets.

The monthly meeting will be held at the Rock School on Tuesday, Feb. 14 at 7:30 p.m.

Mrs. Richard (Lily) Nelson, of Elgin, Ill., former Rock resident, had graveside services at the Gardens of Rest Cemetery Saturday, Feb. 11, starting at 8 p.m. at the Rock Lions clubhouse. Lunch will be served. This is the second in a series of fund raising projects to raise money for band blazers and berets.

The monthly meeting will be held at the Rock School on Tuesday, Feb. 14 at 7:30 p.m.

Gravestone Services

Mrs. Richard (Lily) Nelson, of Elgin, Ill., former Rock resident, had graveside services at the Gardens of Rest Cemetery Saturday, Feb. 11, starting at 8 p.m. at the Rock Lions clubhouse. Lunch will be served. This is the second in a series of fund raising projects to raise money for band blazers and berets.

GLADSTONE

Duluth Man, 29, Held For Trial

Benjamin Eckmark, 29, of Duluth, Minn., was bound over to Circuit Court for trial Monday when arraigned before Justice A. J. Mortier on charges of possession of narcotics.

He remained in custody at the Delta County jail when he failed to post \$2,500 bond.

Also held in lieu of \$2,500 bond for violation of narcotics laws is Carolyn Sue Baumgartner, 23, also of Duluth. She faces a second charge of uttering and publishing a no account check. The charge of uttering and publishing against Eckmark was dropped. Officers said.

Miss Baumgartner, Eckmark and a third person, Benjamin Cyrette, 36, of Grand Portage, Minn., were arrested Friday night and early Saturday morning by Gladstone Police after a local businessman became suspicious of a check Miss Baumgartner allegedly cashed.

State Police of the Gladstone Post were called to assist in the apprehension of Eckmark and Cyrette after Miss Baumgartner had been arrested at a Gladstone motel.

Officers said today that both Miss Baumgartner and Eckmark will be taken to Marquette this week to appear before Circuit Judge Bernard H. Davidson.

City Briefs

Mrs. Ronald Trekas and daughter, Allyson, left Monday by plane for Las Vegas, where they will visit Det. Harlan Creten and his family for three weeks.

on February 8, 1967 between 9:30 and 11:30 a. m. and 1:30 to 3:30 p.m. Service will be restored sooner if possible. This outage is required for necessary line maintenance. In case of bad weather this outage will take place on February 9, 1967.

WISCONSIN, MICHIGAN POWER CO.

Partridge Face 'Poorer' Winter Survival Chance

Joseph Vogt, game biologist for the Department of Conservation at Escanaba, Monday termed survival conditions for the Upper Peninsula's partridge population this winter "poorer" than average.

The sleek storm recently, he indicated, probably did not help.

Snow roosting for ruffed grouse in winter is important, he said. The birds dive into snow powder both for insulation against cold and as protection against predators.

Concern among sportsmen has been that the recent rain froze the snow surface above them, thus trapping the birds in their roosts.

"Apparently this does happen," Vogt said, "but how important this is we can only guess."

He pointed out that freezing rain does coat buds on trees, etc., making food difficult to obtain.

Just how well the birds come through the winter depends on how conditions change from now until spring, Vogt said. Good nesting conditions this spring could "overcome" losses.

Rapid River Plans Fluoride Program For '67

Mrs. Charles Doonan, Mrs. Norman Slough of Rapid River and Mrs. Harold Lasardi, Mrs. Jack Berg and Mrs. Bob Koski of Rock attended the recent Fluoride Workshop held at the State Building in Escanaba. This was the first workshop of its kind ever to be held in the Upper Peninsula.

The workshop was conducted by Dr. John Collins of the Dental Division of the Michigan Department of Health, Lansing. Dr. Collins was assisted by hygienist Dorothy Below also from the Lansing office. Twenty-three persons attended the all day meeting.

Mrs. Doonan, Rapid River fluoride chairman, announces this year's fluoride committee for Rapid River will be: Mrs. Jack Miller, Mrs. Bill Larson, Mrs. Norman Slough, Mrs. Charles Larson, Mrs. Walden Johnson Jr., Mrs. Donald La-Crosse, Mrs. Lawrence Sauve, Mrs. Lawrence Viaw, Mrs. Frank J. Lundberg, Mrs. Bob Bezi, and Mrs. Thomas Safford.

The committee will be meeting soon to organize the 1967 Rapid River program which includes children from the Rock, Perkins and Nehma areas.

In Service

Capt. Donald A. Daley, son of Mr. and Mrs. Frank X. Daley, 1112 S. 12th St., Escanaba has been certified as a C-141 Starlifter aircraft commander at Charleston AFB, S.C. A pilot with 19 years service, Captain Daley, was upgraded after passing rigid academic and flying requirements. The captain, who served during the Korean War, was commissioned in 1954 through the aviation cadet program. He is a graduate of Plano (Ill.) High School. His wife, Phyllis, is the daughter of Mr. and Mrs. Paul Severon of Candy, Minn.

Marine Capt. Theodore J. Kenney, son of Mrs. Lewis Gregory, 1223 S. 16th St., Escanaba, was presented the Air Medal during formal ceremonies at Chu Lai Air Field, Vietnam, while serving as a member of Marine Attack Squadron (VMA)-121. VMA-121 is part of Marine Aircraft Group-12, attached to the First Marine Aircraft Wing. The Squadron flies the A4 "Skyhawk" jet aircraft on missions in support of U.S. Marines, and other units engaged in operations against the enemy.

Second Lt. Gary D. Helms, 23, whose parents, Mr. and Mrs. Dorwin S. Helms, and wife, Carol, live at 920 5th Ave. So., Escanaba, has completed an engineer officer course at the Army Engineer School, Ft. Belvoir, Va. During the nine-week course, he was trained in the operation and maintenance of construction equipment, logistics, administration and road construction. Lt. Helms entered the Army in Nov., 1966. He graduated from Escanaba Area High School in 1961 and received his commission through the Reserve Officers' Training Corps program at Michigan Technological University Houghton, where he received his B.S. degree in metallurgy in 1965. He is member of Alpha Phi Omega fraternity. Before entering the Army, Helms was employed by the Caterpillar Tractor Co., Peoria, Ill.

Expand City Hall

DETROIT (AP) — Detroit and Wayne County are planning a 22-story addition to the City-County Building. An architect will submit plans for the building to the Detroit-Wayne Joint Building Authority for approval in March.

In Memoriam Ekstrom

In tender loving memory of my beloved husband, Roland Ekstrom, who passed away five years ago today, February 7, 1962.

"Blessed are they that mourn. For they shall be comforted. Blessed are the meek. For they shall inherit the earth. Blessed are they which do hunger and thirst after righteousness. For they shall be filled. Blessed are the pure in heart. For they shall see God. Blessed are the peacemakers. For they shall be called the children of God."

Matthew: 5:3-9

"Sunshine passes, shadows fall. Love's remembrance outlasts all. And though the years be many or few. They are filled with memories. Precious memories, how they linger!"

Sadly missed by wife, Mrs. Roland Ekstrom

Semester Honors Announced At Rapid River HS

"All A's": senior class, Sue Callahan; junior, Mark Hansen, Lynn LaBumard; sophomore, Klint Safford; freshmen, Gretchen Kaukola, Dennette Peterson, Dan Safford.

"B or better": senior class, Diana Anderson, Glenn Lamberg, Tom Nelson, John Proehl; junior, Alan Chase, Beverly Kaukola, Mike Laurich, Tom Safford, Helen Wnuck; sophomore, Bob Gibbons, Lorraine Jacobson, Carolyn King, Kathryn Proehl, Mary Weinzirl; freshmen, Linda Jo Deneau, Nora Doonan, David Holmgren, Mary Martin, Tina Oberg, Cynthia Pike.

Favorite Sons May Frustrate Wallace In '68

WASHINGTON (AP) — The Johnson administration is moving to shore up its bases for the 1968 election — including states where former Alabama Gov. George C. Wallace might cause it trouble.

Administration strategists are lining up some Southern governors and senators to run as presidential favorite sons in 1968 primaries if necessary to muffle Wallace at the Democratic National Convention.

And Democratic state chairmen and vice chairmen have been asked to meet here March 30-31 to discuss campaign planning.

Two names listed as possible pro-Johnson favorite sons are Gov. John J. McKeithen of Louisiana and Sen. Ernest F. Hollings of South Carolina.

McKeithen won administration favor last month when he accused Sen. Robert F. Kennedy of New York of wanting the President defeated in 1968 so Kennedy could reunite the party and become its 1972 nominee.

The administration also was reported as highly satisfied with Georgia Gov. Lester G. Maddox's visit with Johnson last week, though no one is predicting he's going to turn out as an ardent Johnson supporter.

Sen. Nelson Has New Bills To Halt Lakes Pollution

WASHINGTON (AP) — Sen. Gaylord Nelson, D-Wis., says the pollution of the Great Lakes must shock every thoughtful American.

He is proposing legislation designed to control pollution of the Great Lakes as well as the nation's rivers and streams by cities, industries and ships.

One bill would prohibit the dumping of oil, sewage and refuse into such waters from vessels and boats as well as from shore installations.

Another would set up a program of economic incentives to assist industry to prevent water pollution by treating its wastes.

Storms Crimp Car Production

DETROIT (AP) — The U.S. auto industry strove to get its car building lines back to normal operation this week after bad weather cut deeply into last week's output.

The industry aimed at a 170,000 car output this week after watching it fall off to about 135,000 units last week.

Oldsmobile probably had the roughest time at the hands of the weatherman as an 1,800-foot section of the roof over its key assembly line at Lansing collapsed during last week's snowstorm.

Hasty repairs were made and the line resumed operations in just 96 hours but even that delay cost Oldsmobile about 5,000 cars from its originally planned schedules for the week.
